EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Joan Pennington on 1/12/2004.

The application has been amended as follows:

In claims 8 and 9, line 2, delete "as recited in claim 1 wherein".

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance:

The prior art of record taken either singly or in combination fails to anticipate or fairly suggest the limitations which the Applicants claim in claims 2-9, 11-14, 16-19 in a manner which would warrant a rejection under 35 U.S.C. § 102 or 35 U.S.C. § 103.

There was no prior art found by the examiner that suggested modification or combination with the cited prior art so as to satisfy the combination of the present independent claims 7-9, 13, 14, 16, 17 ; especially, the prior art does not disclose the local interconnect including a metal local interconnect disposed on the diffusion and polysilicon layers for electrically connecting the diffusion and polysilicon layers and a metal contact extending between the metal local interconnect and the first level metal

for electrically connecting the diffusion and polysilicon layers and the first level metal as recited in claims 7, 13, 16; the local interconnect including a metal contact disposed on the diffusion and polysilicon layers and extending to the first level metal for electrically connecting the diffusion and polysilicon layers and the first level metal as recited in claims 8, 14, 17; and the local interconnect including a conduction layer disposed on a butted diffusion connection of diffusion-p type and diffusion-n type and a metal local interconnect disposed on the conduction layer as recited in claim 9.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
